“This process can be divided into three stages of parents’ love, husband and wife’s love, and child’s love. When we look at this horizontally, they are all united and connected to each other. Centering on parents’ love, which is the center of the Four Position Foundation, the child is united and the husband and wife are united, and finally they all become united with God’s love. This is the Four Position Foundation.”

GENESIS 1:28

“True Love begins from the deepest, deepest place. What is the origin of True Love? God...Ideal love means we live for the sake of others. When you give yourself totally for another, for your family, tribe, society, nation, world and ultimately the cosmos, then you will know the True Love of God.”
